

St. Paul's School Chronicle.

No. 43.

DARJEELING, JULY 1920.

EDITORIAL.

The rush of events in these days of great happenings and possibilities is so furious, rapid and unexpected, that a mere chronicle of natural and orderly progress which, in more normal times, would fill us with satisfaction and pride, hardly so much as evokes a grunt of approval; and yet while great tragedies are happening, and drowning men are being hurled over the waterfall, birds are somewhere peacefully singing in the woods, and telling their tales of love.

And so it happens that in the remote fastnesses of the Himalayas we find ourselves peacefully and naturally progressing while the world runs mad outside. Our new buildings are steadily growing up and promise to be a great addition to our compound when they are finished.

Our year's work has been an exceptionally fruitful one, and we trust that our harvest will be good when it is gathered in.

In games we have acquitted ourselves with exceptional merit; we already hold two Shields and a Cup, and narrowly missed gathering in another trophy, which would have rounded off and completed our success in all departments of sport.

There is, however, one great task ahead of us that we must now tackle with more energy than hitherto, and that is our new chapel. It is not too much to say that the solemn grandeur and the sublime spirituality of our majestic old Cathedrals and School and College Chapels have been both the birthplace and abode of some of our loftiest and most enduring traditions. It is there that our crack regiments hang the colours won on many a bloody field of battle, as a memorial of past deeds that have made history, and as an eternal glory upon which they can turn with pride in the years to come.

What will it mean to our school to have a majestic chapel full of like records to glory in, and to which the historians of the future will turn in order to write up the records of the builders of an empire, that has done more than any other in past history to carry the light of civilization and progress from pole to pole? The future of this School will be secure when it is possessed of a really fine chapel of the very first order.

THE SCHOOL AND THE WAR

M. C.

F. W. S. Field, 1904 Capt. and Adj. 47th Sikhs.

Captain Field joined the I. A. R. O. in April 1915, and served in France, Mesopotamia and Egypt. He was mentioned three times in despatches and has been awarded a permanent commission.

ADDITION TO LIST OF THOSE SERVING

H. F. Ellicott (1913-14) Sub-Lieut., R. N. R., served English Channel, Mediterranean and China Station.

SCHOOL NOTES

The School is again full to over-flowing. A few boys have left during the year, as they have succeeded in obtaining passages to England, but their places have immediately been filled up, and there is still a considerable waiting list of boys, whom we are unable to admit owing to want of room. The number of boys at present is about 290.

On the teaching Staff we have been extremely sorry to bid farewell to Miss Robertson, and to Mr. Deighton. Miss Robertson retired in December, and Mr. Deighton has gone to study for a further degree in science at Leipzig University. He left with Mrs. Deighton in June.

On the other hand we are glad to welcome Miss Lea and Miss Rendall who have joined the Staff of the Junior School, Miss Shelverton who is filling Miss Robertson's place as Music Mistress and Mr. Buckenham, the Rev. E. Bull and Mr. J. T. T. Dillon, B. A. I., A. M. I. C. E., who have joined the Staff of the Upper School.

Miss Seal, who taught for some time in the Junior School, left in June on her marriage to Mr. N. Webb. We were sorry to lose her and offer both Mr. and Mrs. Webb our heartiest congratulations and good wishes.

Mr. Harvey, a former Master, has been spending a holiday with us and has helped us in various ways. He has been especially of great assistance in procuring half holidays.

The Rev. E. Bull who is a keen and experience *shikari* gave us a very interesting lecture soon after his arrival entitled "A Tiger Shoot in the Nilgiris," illustrated by a series of excellent slides taken by himself.

After many delays, the New Buildings show signs of coming on apace and we hope to see them finished by the end of the year. The ground on which they are placed proved unexpectedly very soft underneath, making special foundations necessary.

This delay in starting drills was partly due to the delay of the War Office at Simla, in publishing their decision as to the fate of the I. D. F. They did not seem to be able to make up their minds whether the I. D. F. was to be abolished altogether, and things go back to the old Volunteering Standard of pre-war times, or for it to continue on the same lines as last year. Some of us were rather hoping it was going to be the same as last year and that only 40 hours' drill would be required of us. It was therefore with a feeling of consternation that we received the information from Capt. Little, our Adjutant, when he came up on the 9th April to pay us a friendly visit, that he had just received the intimation from the Commander-in-Chief that the I. D. F. was to continue for another year on the old lines, but that the number of hours of drill required was to be increased to 64 for Senior Cadets and 90 for Juniors. And furthermore that these drills had all to be put in between April, 1st, and November, 30th, and that all sorts of pains and penalties were in store for those who failed to put in the requisite number. This meant that we would have to put in at least 8 drills a month to accomplish our task. However, nothing daunted we set about the business at once, determined to succeed in carrying out the orders of the C.-in-C. Our Platoon, when we started, was the largest we have had for some years, consisting of 59 of all ranks. For the last 2 years we have only had 40. But during the last 3 months, from various causes, we have lost a good many of this number. Some have left School for home, some have gone out to work, and 8 boys were declared to be physically unfit for Military Service by the P. M. O. who Medically examined all the new members on the 28th of June. Thus our strength was reduced to 45.

The number of our Junior Cadets this year is only 82 as against 91 last year.

There have been a few changes, too, among our N.-C.-O's. We have lost Baldrey, who had turned out to be quite a smart Sergeant. He has joined his brother in Tea. His place has been filled by Corpl. P. Allum, who has the makings of a good N.-C.-O. and we still have our Platoon Sergeant, H. G. Langley. Our other N.-C.-O's are J. Macdonald, R. de Tivoli, A. Moffatt, G. Nahapiet and R. H. Dawn.

We have kept up our reputation as being the best shooting Platoon among the Cadets by again winning the Baker Shield. This is now the third year in succession that we have won this handsome trophy and we hope to retain it this year also.

The Imperial Challenge Shield Competition under the auspices of the National Rifle Association, which used to be held before the war, has been revived again this year. This Competition was founded in 1910, and is open to all cadet teams throughout the British Empire with the object of encouraging every boy to learn how to use a rifle. We entered a team of 10 and fired for this shield on June 28th, and though we haven't much chance of winning the shield we did not do so very badly as our average was 57 which is the best among the cadet platoons of the N. B. M. R.

Regarding our parades there is not much to record. The first three months were devoted to individual training according to the scheme laid down for us; consequently they have been rather uninteresting. We have had one Route March, a short one, on the 4th June, just to vary the monotony a bit, and on the way back we did an "Advance Guard" but, as the chief object of most of the Cadets seems to have been to get back to school as soon as possible, they didn't pay much attention to the duties which are expected to be performed by an Advance Guard, and so did not derive as much instruction from the outing as they might have.

Our Adjutant, Captain Little, went home early in May on six months' furlough and Lieut. and Quarter-Master F. A. James, is acting for him during his absence. We have had no regular Drill Instructor all this term and have had to carry out all our drill and training ourselves, and I take this opportunity to thank the N.C.O's for their help and co operation.

Our annual inspection took place this year on June 30th, the inspecting officer being Major-General Sir S. T. B. Lawford, K. C. B., Commanding the Presidency Brigade. He was very well pleased with all he saw, and in a short speech after the inspection highly complimented us on our smart and soldier-like appearance and turn out. I also received the following letter from the Adjutant a couple of days ago, which, I think, is not out of place to insert here so that all who are interested in our Platoon may read:—

From

The Adjutant,
9th Northern Bengal Mounted Rifles.

To

The Officer Commanding,
No. 1 Platoon, "B" Company.

MEMORANDUM.

With reference to the recent inspection, by the General Officer Commanding Presidency Brigade, of the unit under your command, I am desired by the Commanding Officer to convey to you his high appreciation of the turn out and work done.

F. A. JAMES,
Lieut. and Qr.-Master,
9TH, N. B. M. R.

Considering, therefore, the disadvantages under which we have worked this term, we have every reason to congratulate ourselves on the success of our efforts.

E. G. H.

CRICKET.

This year the cricket season, though rather short, has been most successful, both as regards the weather and matches. We were rather fortunate in having seven of last year's team back.

Owing to the scarcity of out side teams we could only manage to arrange four matches, two of which were for the Edinburgh Shield.

St. Paul's vs. St. Joseph's.

(Played at St. Paul's on 24th, 25th and 26th May.)

The great event of the season was, as usual, our match with St. Joseph's for the Edinburgh Shield.

We won the toss and put them in. But owing to bad weather we only played up to tiffin time, 5 of St. Joseph's wickets being down for 120. On play being resumed next day the whole side were out for 165, Jones and Minahan being the chief scorers, with 66 (not out) and 49, respectively.

There was nothing much of importance in our first innings, the whole side being dismissed for 111 runs. Lawrence, the only one who did himself justice, making 41.

In their second innings St Joseph's did better, making 195, Ryan and Jones scoring 55 and 35, respectively.

With 250 runs to make, our prospects looked none too rosy. With about 20 minutes left for play we began our second innings and our first wicket fell with only 13 runs on the board. Shortly after stumps were drawn for the day.

On play being resumed next day, a good stand was made by Ingle and Lawrence, the former eventually being bowled for 30.

Another good stand was made for the fourth wicket by Lawrence and Moffat, who hit up 80 runs between them, before Moffat got stumped for 40.

Unfortunately Lawrence did not last much longer, being run out for 68. Lawrence gave a fine display of Cricket, scoring freely all round the wicket. Things now began to look hopeful for the School, 5 wickets down for 163.

The required number of runs were hit off, with the loss of another two wickets, H. G. Langley and Allum batting very well, and carrying out their bats for 25 (not out) and 27 (not out) respectively.

We thus won comfortably by 3 wickets and 2 runs.

St. Paul's vs. D. C. L. I. (Lebong)

(Played at St. Paul's on 27th May).

Our match with Lebong for the Edinburgh Shield proved to be a very even and exciting game, and the scoring on both sides was rather low. Lebong batted first and made 93, Major Henderson batting well for 35.

Our start was most disastrous, two of our best bats going down for 0. Lieut. Buller was in great form with the ball, and most of our bats could make nothing of his googlies. We were lucky in just beating them on the 1st Innings by 16 runs.

Lebong did better in their second attempt making 120. Lt. Inglis (35), Capt. White (34), and Lt. Buller (23) doing best. This left us 104 runs to win.

It was a case of 'touch and go,' and we just managed to win by 1 wicket and 2 runs.

LIST OF MATCHES.

6th May. School *vs.* D. C. L. I.

Won by 1 innings 1 wicket and 99 runs.

14th May. School *vs.* D. C. L. I.

Won by 1 innings, 7 wickets and 116 runs.

24th, 25th, 26th May. School *vs.* St. Joseph's.

Won by 3 wickets and 2 runs.

27th May. School *vs.* D. C. L. I.

Won by 1 wicket and 2 runs.

St. Paul's *vs.* D. C. L. I.

on 6th May at St. Paul's.

Characters of the Team.

* Moffat (Capt.) A safe and reliable bat, with a good style. Hits hard and is a consistent scorer. Has improved in bowling also.

* Kelly. An excellent field, and good bowler, bats well, but has been unfortunate this season.

* Langley, H. G. A splendid wicket keeper, and has also shown himself to be a capable bat.

* Ingle. A very steady bat, a good change bowler, a fairly safe field.

† Lawrence. A splendid all round man. Bats well and with confidence, and can hit hard.

† Langley, H. J. Has the makings of a good bowler, and is a safe field, has improved in batting.

† Everett. A good bowler and a safe field, his batting will improve with practice.

† Samuel. A steady bat, and a fair field.

† Allum. An excellent field; has improved in his batting.

† Utting. A good field, should become a good bat, as he has a good style.

† West-Shaw. A safe field and promises to be a good bat. Tries hard, but suffers from nerves.

(H. Arshacony who shows considerable promise as a bowler was unfortunately away in the Edinburgh Shield Matches).

* Old Colours. † New Colours.

Batting Averages.

	No of times out.	Runs.	Average
Ingle	6	242	40.3
Lawrence	6	210	35.0
Moffat	5	154	30.8
Langley, H. G.	3	75	25.0
Kelly	6	135	22.5
Samuel	4	61	15.2
Utting	2	26	13.0
Allum	4	47	11.75
Everett	5	41	8.2
Langley, H. J.	4	22	5.5
West-Shaw	1	6	6.0

HOCKEY.

Before the Football Season we spent a short time at Hockey. This Season though short was all that could be desired as far as the weather went, and the matches and their results. We played three matches, all of which the school won.

The following boys composed the team:

† Langley I. † Langley II. † Moffat, † Kelly I, † Dawn I.
† Martin I, † MacDonald I, † Lawrence, Everett, Ripley, Utting.—
McDonald II and Hewson also played.

† Old Colours.

FOOTBALL

Though the team has failed to carry off the North Point Cup, a thing which after the easy victory over St. Joseph's in the first match seemed well within the bounds of possibility, the season has on the whole been a very successful one. This is due to a great extent to the excellent training of the team by Mr. Humphries—and we wish to take this opportunity of heartily thanking him for the trouble he has taken—and to the keenness and hard work of the Captain of the team.

Jalapahar has been strong in football this year, and to have beaten their first team on every occasion but one has been a very creditable achievement.

We also congratulate our second eleven on their three victories over another team from Jalapahar. It is very seldom that we have been able to put in a second team of this standard, and the play of several of them is full of promise for the future.

NORTH POINT CUP MATCHES.

The first match, on the 7th July proved an easy win for the school. The match was to have been played on the 6th but it was postponed owing to the inclemency of the weather. In the

first five minutes of the game. Langley I scored for the school, and before half time a penalty gave us a lead of two goals; further scoring was prevented only by inaccurate shooting.

In the second half of the game a good shot by Moffat, at outside left, deceived their goal keeper, and gave us a lead of three goals. This lead was again increased from a penalty against St. Joseph's. There was no more scoring during the rest of the match, and the closing of the game left the school the winners by four goals to *nil*.

The second match for the Cup took place on St. Joseph's ground on Saturday, July 10th. The weather was far from fine, but the Captains decided to play. They were not able to make any headway against our defence until a misjudgment on the part of our goalkeeper gave Blazey a chance to shoot, and he took advantage of it. The first half of the game ended with St. Joseph's leading by one goal.

Again in the beginning of the second half they had an opportunity to score, which they were not slow to take. This gave them a lead of two goals. A foul near their goal gave us a penalty, but the shot was badly misjudged by Langley I and the ball went wide. The match ended in a win for St. Joseph's by two goals to *nil*.

The third match of this series was played on Tuesday, July 13th. There was some doubt as to whether the game would be played owing to the state of the ground but as it cleared up the game was decided on. At the start the game was rather in our favour but a rush on the part of their outside left gave them the first goal. There was no further scoring in the first half of the game. In the second half a shot from Sabbage beat their goalkeeper, and made the scores equal. Later on Blazey from a penalty put St. Joseph's up one, and again from a corner he netted the ball with a very fine shot. This made the score three to one. Shortly before time Simpson scored a fourth goal for St. Joseph's, who thus won the match by four goals to one, though this score is not a true index of the game. Langley II, Kelly I and Lawrence distinguished themselves in these matches.

ENTERTAINMENTS.

On July 7th a School Concert was given in the Dining Hall. This was one of the best that we can remember here. The three selections by the School Orchestra, some of whom have only learnt the violin for a few months, reflect great credit both in themselves and upon Mr. Chapman. Neish in his two songs showed a remarkably fine voice which he used well, Nahapiet proved himself a competent accompanist when Miss Shelverton was otherwise engaged, and he and Sullivan, with Clarke and Farrow, distinguished themselves in the two piano quartettes in spite of the distance between the two pianos which was a decided drawback. The Farmyard Chorus, and a song by some members of

the Sixth Form were both very popular items. In the latter the performers showed a most uncanny knowledge of feminine wiles—and the monologue by Langley ma was also good and much applauded.

In the amusing dialogue at the finish Nahapiet showed considerable histrionic ability, though his voice was evidently suffering from having barked and "not wisely but too well" in a former item. In this he was well supported by Jehangir. The dresses of both were excellent and their deportment most ladylike.

We beg heartily to congratulate Miss Shelverton, to whose efforts the success of the Concert is chiefly due, with Mr. Chapman and Miss Rendall. The performers we hope to see and hear again; and a word of praise is certainly due to those who were responsible for the decorations, and to Gahan and de Tivoli for some most artistic and excellently turned-out programmes.

Programme.

St Paul's School Song.

GOD SAVE THE KING.

We have to thank the Rev. E. Bull for a most interesting lecture on tiger shooting illustrated by lantern slides of his own, taken upon the spot. Mr. Bull is a keen sportsman of much experience and his lecture was much enjoyed both by young and old. Apart from the ordinary interest of the subject, he was able to give information as to the habits of the tiger gained by personal observation, and to give many useful hints as to how a tiger shoot should be conducted.

Somewhat earlier in the term an Indian artist gave a rather remarkable exhibition of black board drawing. After producing some excellent sketches in the ordinary way he proceeded to draw with both hands at once, with his feet, mouth and blindfold—a curious example of mis-directed ingenuity; but most of us found it preferable to 'Prep.'

CAMBRIDGE LOCAL EXAMS. JULY, 1919.

Seniors.

W. J. Culshaw
G. G. Knolles

distinguished in Eng. Comp.

Juniors

R. W. Barker
E. C. Browne
