

St. Paul's School Chronicle.

No. 45.

DARJEELING, AUGUST 1921.

EDITORIAL.

This School Chronicle, which should have been out at the end of July, is very late in appearing; owing to an unfortunate concomitance of circumstances, of which the chief perhaps is the incompetence of the one into whose hands the work has fallen owing to the fact that the permanent Editor is otherwise engaged; and his temporary locum teneus, though able to plead a certain amount of claims upon his energies out of school hours, has also to confess to such a sluggish and procrastinating nature as to rank him with the able seaman who, when brought before the ship's doctor and asked to describe his symptoms, declared—"Well, Sir, I eats well, and I drinks well, and I sleeps well, but when I sees a job o'work, lor, sir, I'm all of a tremble."

The whole complexion of the term, which began on Monday, March 7th, has been coloured by the fact that from the beginning the Rector was unwell and developed a serious illness about Easter; which, after weeks of the gravest anxiety to all of us alike, necessitated, when it was possible for him to travel, a visit to England to recruit his shattered health. The day on which he was first declared by the doctor to be out of danger was fittingly celebrated by a holiday, which was an occasion of genuine and heart felt rejoicing to every member of the School.

And here the opportunity, which has not otherwise presented itself, may be, and is gladly, taken of acknowledging the debt which we all realise we owe of gratitude to and admiration for Major Denham White, I. M. S., the school medical officer, for his unwearied and extraordinary attention to our Rector, whose life he undoubtedly preserved.

The Rector left Darjeeling on May 25th for Bombay en route to England, in charge of one of the nurses of the Lady Minto Nursing Home on Salt Hill Road, where for many weeks he had been the object of very devoted and skilful nursing.

Mr. Adams is acting as Rector, and in all his twenty years of good work for the school has probably never rendered it better service than he is now doing.

SCHOOL NOTES.

Mr. and Mrs. Jones returned from furlough at the end of December; and, as Mr. Jones is recognised as a tower of strength both as Master and Bursar, and Mrs. Jones as an ideal mother to the youngsters in her dormitory, everybody was delighted to find them in their places on the re-opening day.

Now that the first cricket season is over we have to congratulate Mr. Jones on the successes of the Cricket Team in which he has taken such infinite interest.

The school is again filled to overflowing. A few boys have left during the year, among whom are H. G. Langley and F. C. L. Kelly, the former has gone to join a firm at Cawnpore, and the latter to a Bank in London; the loss of both is much regretted by the school.

On the teaching staff we wish to bid farewell to Miss Lea who left at the end of last term on furlough which, as she has become engaged to be married, will now be indefinitely prolonged. We have both to welcome Miss Baker who took her place and also to bid farewell to Miss Baker who left at the end of July to get married. It's a little way these ladies have. In the place of Miss Baker we welcome Miss Robinson who took her place on August 1st and was immediately seen to be an experienced and able teacher.

'Prep', has been agreeably displaced; twice by very amusing and clever conjuring entertainments, and once by a Lantern-Lecture by the Rev. A. Canon on the work being done among the Lepers of India.

Very unfortunately there was an outbreak of measles early in the term which, although all the cases were light and were very happily recovered under Mum Terrell's firm and kindly skill, nevertheless involved the school in a quarantine of many weeks.

Owing to the quarantine the Boys' Dance usually given in May has had to be postponed till after the monsoon.

Mr. Humphries has relieved both us and Mr. Flatman by taking over charge of the school catering; and as the new dining-hall was brought into occupation early in May, and has been adorned with the school cups and other trophies and with photos of the various teams, the school meals are now eaten with a more grateful appreciation of the palate and in surroundings of a more refined appeal to the aesthetic taste than could be claimed for them last year.

Among the new trophies in the dining-hall are the Baker Shooting Shield, the Edenborough Cricket Shield, the North Point Football Challenge Cup, and the Rector's Hockey Cup; upon winning all of which we nearly congratulate the School.

As also the following upon the winning their School Colours:—
 CRICKET 1ST XI COLOURS H. Arshacony, C. Emmett, R. Dawn,
 J. Watson, V. Gasper.
 FOOTBALL 2ND XI COLOURS P. Allum, D. Utting, C. Emmett, G.
 Heefke, M. Galstaun.

R. Martin has entered Bristol University and begins a 3 years' course in Electrical Engineering in October. H. K. Sullivan is to be a Chartered Accountant and probably enters London University in September.

War Service.—Frank Hill (1907) Acting Capt. XVI Canadian Scottish, enlisted early in the War; got through without a scratch till shortly before the Armistice when he was severely wounded (9 bullets) and permanently injured. He is now in Canada.

Birth: "Boileau.—On the 11th of July at Mount Abu, the wife of Capt. W. L. S. Boileau, 7th Gurkha Rifles, of a daughter."

We congratulate Mr. T. Deighton, our former Science Master, on the birth of a son and heir.

Miss Shelverton is to be congratulated upon the following successes in the Trinity College of Music examinations:—

1920.

JUNIOR.—R. Farrow, L. Siddons.

PREPARATORY.—M. Ezekiel (hons.) D. V. Coombes, H. Gahan

FIRST STEPS—G. R. Robottom (hons.) B. Windsor.

1921 Theory.

All who were sent up passed, and all in Honours:—

Judah, Siddons, Fox, Farrow ii, Neish and Ezekiel

Considerable interest was taken by the bigger boys in the Comet which appeared, was it in May? The degree of visibility was fairly high on several nights during its transit across our sky.

The School Officers for the Term are:—

School Captain	P. Allum.
Cricket Captain	L. Lawrence.
Football Captain	H. J. Langley.
Hockey Captain	R. Dawn.
Keeper of the Fives Court...	H. J. Langley.
Editors of the School Chronicle	P. Allum, L. Lawrence, H. J. Langley.

SCOUTS.

There has been a great deal of activity and keenness among this year's Scouts

There are nine patrols of an average of 8 boys in each and Mr. Humphries the Scoutmaster who has hitherto had to do the scout work practically alone has now two Assistant Scoutmasters: Mr. A. H. Pavey and Sergeant Hebburn, the latter is a great acquisition as he was a keen Scout at Home, knows a lot of woodcraft and is giving the boys splendid training in wrestling as an adjunct to the Humphries boxing.

The Patrol leaders are:—Blaker i, Brooks, Ezekiel i, Barnett, Neish Bryan, Ferris, Flatman i, and Broughton i: with Sherman and Barnard i as Senior Patrol Leaders. Miss Rendle is running the Wolf-cubs.

THE CADET CORPS.

The latest Military regulations as to Volunteer Corps have infused new life into our Cadet Corps all of whom have been sworn in and are in receipt of pay for every parade attended. As the Military authorities have decided to officer Volunteer Corps wherever possible by ex-service men. Mr Humphries (Lt.) is now the Officer Commanding and with Instructor, Sergeant Hebburn young and keen, and the N. O.'s selected from the senior cadets bids fair to produce a degree of efficiency equal to anything ever attained in the history of the School Corps.

The School N.-C.-O's are:—

Sergeant — Allum, (P.)

Corporal. Dawn, (R.)

Wemyss

Lance Corporal.—Lawrence (L.)

West-Shaw

Langley, (H. J.)

Total Strength 46

The thanks of the Corps and of the School are heartily rendered to Mr. Heefke who as a Volunteer Officer was for so long and so ably in command.

CRICKET.

Owing to the early approach of the monsoon our first Cricket Season was somewhat curtailed, but it was nevertheless very pleasant and very successful. Six Matches out of the seven being won comfortably. The seventh match should have been a tie considering that, when our opponents had one wicket to fall and required one run to win an absolute 'sitter' was dropped owing to a misunderstanding. Our success has been entirely due to the keenness shown by every member of the XI and especially by their captain.

EDINBURGH SHIELD.

11th & 12th May	vs.	Darjeeling C. C.	won by an innings and 119 runs
16th & 17th May	vs.	St. Joseph's College	won by 69 runs

EDINBURGH SHIELD MATCHES

St. Paul's School vs. Darjeeling C. C.

(Played at St. Paul's on 11th and 12th May.)

This was our first match for the Edinburgh Shield, the School winning easily by an innings and 119 runs. The D. C. C. could do nothing with our bowlers making 59 runs in their first innings and 68 in their second. The School had no difficulty in making 275, H. G. Langley (67) and Lawrence (60) being the chief scorers.

In our opponents' first innings Kelly bowled well taking 5 wickets for 9 runs.

St. Paul's School vs. St. Joseph's College,

(Played at St. Joseph's on 16th and 17th May.)

St. Joseph's won the toss and put us in to bat; getting us out for the small score of 77, Lawrence (36) and Allum (22) being the only batsmen to reach double figures. Our side were very nervous and fell easy victims to the bowling of Chestney and Hill

St. Joseph's did not do much better the whole side being out for 106. Jones (32) being the only one to do anything.

In our second venture we did much better, the first two men, H. J. Langley and Watson, taking the score to 54 before Langley was bowled. After the fall of his wicket things looked bad until H. G. Langley and Lawrence got 'going' putting on about 60 runs the innings closing for 203. H. J. Langley (34), Watson (36), H. G. Langley (28), and Lawrence (64), did most of the scoring.

With only an hour left for play St. Joseph's began their second innings, but again failed before our bowling being dismissed for 105 in three quarters of an hour

We thus won the match by 69 runs

Lawrence and H. G. Langley are deserving of the greatest praise, the former for his two really sound displays with the bat in which he scored a total of 100 runs in his two innings, the latter for the very plucky way in which he continued to bat after his finger was badly smashed and furthermore undertook to keep wicket under what must have been very painful circumstances. That his wicket keeping was successful is shown by the fact that he stumped two of our opponents whilst only two balls were allowed to pass him. Gasper's 'googlies' proved very puzzling to the batsmen and he took 4 good wickets at a critical stage though occasionally the batsmen rather took liberties with him. Good fielding and keenness played a very important part in the winning of the match.

CHARACTERS OF THE TEAM.

† F. L. Kelly (Capt.) An excellent field and a good bowler, unfortunately did not come off in his batting this year. The success of the team was very largely due to his incessant keenness as a Captain.

† H. G. Langley. A splendid wicket-keeper, has improved in his batting.

† E. L. Lawrence. A sound and forceful bat who apparently does not suffer from nerves. An excellent man in an uphill fight, very safe in the out-field.

† H. J. Langley. A safe field and a good bowler, has come on in batting considerably.

† D. L. Utting. A safe man in slips, should be a good bat when he gets bigger and stronger.

† P. F. Allum A good bat and field; has improved wonderfully in his batting this year, but must learn scoring as well as defensive tactics.

* H. Arshacony. An excellent bowler and fairly safe in the field, not a successful bat.

* C. W. Emmett. A useful change bowler and a safe field, will be an excellent bat when he grows older and gets over his nervousness.

* J. A. Watson A very steady batsman and a fair field. A good man to keep his end up.

* R. H. Dawn. A good bat when he gets 'going', a fairly safe field.

V. Gasper. A good 'googlie' bowler, should be excellent next year when he gets his pitch properly.

† Old colours * Have received their colours.

FOOTBALL NOTES.

At the beginning of term before the commencement of Cricket we had a short Football season during which Major Villa very kindly brought teams to play us on two occasions. Our team was not at that time at its full strength and we lost both matches. Later on several Old Colours returned to School and added very considerably to the strength of our team.

We have played in two Cup Competitions this year the first being for the 'North Point Challenge Cup' The first match was played on the St. Joseph's ground on the 25th June and resulted in a victory for us 3-1. In the first ten minutes Kelly scored for the School. During the second half Langley by brilliant play scored two more goals whilst our opponents scored once towards the end of the game.

The second match against St. Joseph's was played on our ground on the 29th June. The weather conditions were very bad and there was an incessant downpour throughout the game so that it was a matter of great difficulty to control the ball. Langley scored for us in the first half but St. Joseph's equalised in the second half and the game ended in a draw 1-1. As this competition is played on the League system the cup was won by us by 3 points to 1.

In the Herlihy Cup Competition our results have not been up to expectation. The Soldiers have been too strong for both the Schools, both in skill and in avoirdupois. Our last and most important match was against St. Joseph's College on our ground. During the match an incessant gale was blowing and it was impossible to judge where the ball would bounce. St. Joseph's scored the only goal of the game in the first half and though we simply bombarded their goal in the second half we met with no success though there were many occasions on which it appeared that we could not help scoring. This weakness in front of goal was apparent throughout the season and undoubtedly lost us several matches. Our team this year contained seven "old colours" and considering the strength of the side the results have been very disappointing. Kelly's departure has been a great loss and Ripley's absence, as a result of measles, from nearly all the League Matches has been keenly felt.

We congratulate our second eleven on their victories over another "B" team from Jalapahar, some of them show promise for the future.

The following composed the team:—

† H. J. Langley, * F. L. Kelly, * R. H. Dawn, * L. E. Lawrence, * B. L. Ripley, * J. W. Shaw, * O. A. Hurst, * P. F. Allum, D. L. Utting, G. O. Heefke, C. W. Emmett.

* Signifies old colours.

M. Galstaun has also played in many of the matches.

We congratulate the following on gaining their 2nd XI colours:—

P. F. Allum, D. L. Utting, G. O. Heefke, C. W. Emmett, M. Galstaun.
