

St. Paul's School Chronicle

No. 53

DARJEELING, JULY 1925

EDITORIAL.

"Season of mists and mellow fruitfulness
Close bosom friend of the maturing sun."

This quotation is obviously out of season, but we often wonder how Keats' ideals would have survived, had he had the questionable fortune in his circumstances of visiting this land of palm and pine. True, into his vivid imagination there did spring at intervals an Indian maiden who, with Cynthia, disputed the sovereignty of his visionary kingdom, but had he reached this Latmos of ours he could have written much more feelingly about the misty season, because he would have had ample time for his imagination to acquire the atmosphere necessary for any spontaneous expression; the mist he would have had for his breakfast and also for his supper, in fact the mist would have been so obliging as to exclude any other object of interest that might possibly cause his thoughts to wander. We are a little uncertain about the "mellow fruitfulness," though mellow is certainly an attractive epithet; in the same way a certain amount of suspicion attaches to the last phrase, for we seem to find that matter matures much too quickly on the whole, while the sun is not always the benignant ripener. Well, Keats would be thoroughly annoyed, but here is the mist belching in upon us through the windows, hiding all the beauty that Keats so sought after and which we know to be behind the dulllest cloud—how often is this not so? And as the rain pours down straight to rebound skywards again, we turn to our old friends the examiners and stretch out a tentative hand, wishing for our part to be friendly, but not at all sure what they have up their sleeves. We hope that there will be no mystification on that score.

THE RECTOR'S LETTER.

St. Paul's School in common with other European Schools in India has its financial anxieties, and it is hoped that the Government of Bengal will be able to help us shortly to tide over the immediate future.*

In order to secure the services of good teachers from the British Isles, and to retain their services when they come to India, a school has to offer a fairly attractive salary. All honour to those men and women who leave their home-country and come out to India on very small salaries to help the Anglo-Indian community. There are a number of Church Schools which are staffed in this way, and the Roman Catholic Schools are all supplied with teachers thus. They are able to furnish an education at a very low cost to parents, but do Church-men realize that—

(i) their children are being brought up in the atmosphere of another religion, which proves so attractive to minds uninstructed in their own religion, as to result in large numbers of conversions to Roman Catholicism;

(ii) the teachers in these schools are almost entirely foreign subjects, and their influence is bound to be un-British;

(iii) the fees charged in those schools are kept so low that Church Schools cannot compete with them on equal financial terms. If the Church Schools close down, do they imagine that the fees will be kept at the same low level, when competition in this respect is removed?

I can speak with some knowledge of Church Schools staffed on a missionary basis, and, while the type of teacher is the best, yet it is extremely difficult to secure him in the first place, and in the second case, owing to continual changes of staff, it is most difficult to keep up the continuity of work and tradition.

St. Paul's School is in a position to secure continuity in this way, and will be able to do so still, provided that Church people will send their boys to us, even at a small sacrifice in the way of higher fees. A revision of fees is under consideration, and I am in a position to say that our fees for all, except the Cambridge classes, will be reduced substantially in March. An announcement on this point will be found on another page.

It would be a tremendous help if some benefactor would endow the School. Even a small endowment would be of great value, provided it were left to the discretion of the Governors to decide how it might be used. At present the School has no free endowment. There are a few Scholarships, which are so tied up as frequently to destroy their value.

* Since the above was written the glad news has come that the Bengal Legislative Council has passed a special grant of Rs. 30,000 for the School, which will remove from our shoulders a burden of debt which has been weighing us down for the past three years.

SCHOOL NOTES.

We hear from Mr. H. Dale-Green that his son has been in Elizabeth College, Guernsey, since he left India. He was Captain of Cricket during 1924, winning the prize for the best batting average and for the best all-round cricketer of that year. He played twice for the Island in Cricket and Hockey, is in the College teams for Hockey and Football, and has won the Championship medal for his weight at boxing for the last two years. Mr. Dale-Green's address is : Senior Government Inspector of Railways, 21, Davies Road, Lahore.

M. L. G. Broughton was in good form in the Behala Sports in January, winning the 440 yards (amateur) in 53 secs., running third in the hurdles, and third from scratch in the half-mile handicap. All the amateur events were very keenly contested, the quarter-mile in which Broughton beat B. D. Chatterjee being a magnificent race, and the result reflects special credit on Broughton because Chatterjee was at the top of his form, having secured three firsts and lowered two records.

At the Kalighat Sports, Broughton's long-distance running was one of the features of the meeting. He finished third in the hurdles, second in the 440, and first in the half-mile, which he won in 2 mins. 11 $\frac{2}{5}$ secs.

The Meeting of the Bengal Athletic Sports Association took place in February and here Broughton secured the half-mile race in 2 mins. 9 $\frac{4}{5}$ secs., obtained places in the finals of the quarter, the mile and the hurdles, particulars of which we are at present unable to ascertain.

H. L. Farrow has been playing Cricket for the Calcutta Scottish again this year, and finished up the season with the following batting average :

Innings.	Not out.	Highest score.	Aggr.	Average.
9	0	38	221	24.56

D. A. Hodges has been playing tennis for the Tally-Ho ! Tennis Club at Edgbaston, where he only just missed entering the final in the men's open singles. The following is an extract from the local paper : D. A. Hodges, whose all-round play in the hard-court tournament has aroused such favourable comments among the experts, plays tennis by way of a change, for he has played cricket for Harborne sufficiently well to have been offered a trial with Warwickshire county, and has on several occasions appeared in the Staffordshire county team at hockey. His tennis is by no means a sudden revelation, for he has been champion of the Tally-Ho ! Club for the past three years, and last year was one of the pair who won the Warwickshire Junior Doubles. The tournament, however, served to show his ability in comparison with the stalwarts, and should secure for him a certain place in the Warwickshire side this summer. Unfortunately for his Club and the County, Hodges is not likely to be a permanent resident here, for it is understood he will return to India at the end of this year.

On June 9th, Mr. Wallace Young visited us and regaled us with a very varied programme of character sketches from Shakespeare. He was on the stage practically continuously for two hours, making up before the audience and generally showing us how it is done in the Green Room. He explained each character thoroughly before attempting his interpretation, giving expositions of various characters from "Macbeth", "As You Like It", "The Merchant of Venice", and "Henry V". The Porter's speech from "Macbeth" and Audrey's country manners were much appreciated, while the interpretation of Sergeant Buzfuzz came in no way as an anticlimax.

Our sympathy has been with Mr. H. A. S. Pullan, a Governor of the School, in his serious illness, and we are very glad to learn that he is now well enough to return to his duties at Singell, Kurseong. Mr. Pullan always takes a deep interest in the affairs of the School, and we hope we shall have him amongst us again very soon.

On June 27th, a Band-Concert was given by the Band of the Cheshire Regiment at the Gymkhana Club Rink. The Band-master explained the various instruments and gave a good selection of music, including the St. Paul's and the St. Joseph's School Songs. The entertainment was very much appreciated and we publish elsewhere an account of how it appealed to a small boy of nine.

Mr. Arthur Davies, Principal of the Law College, Madras, stayed with the Rector during part of April and May, and gave us some very good and very much appreciated recitals from Shakespeare's plays. The Reverend J. R. Robson, of St. Paul's, Scott's Lane, also visited the Rector and showed great interest in the Scout Troop. He has written the following in the Visitors' Book: "I have just concluded a month's very pleasant holiday at the School, and have been greatly struck by what I have seen. Since my last visit in 1917 the School seems to have made great progress in many ways. The tone amongst the boys is excellent. It has been a very great pleasure to me to have spent this month amongst them. I have received the greatest kindness from everybody."

His Excellency the Governor and Lady Kerr honoured the Sports with their presence, the latter presenting the Prizes while the former wrote the following in the Visitors' Book: "I attended the School Sports on the 22nd May and was very pleased with the keen and healthy spirit which was shown. I hear excellent accounts on all sides of the tone of the School and the good manners of the boys. I have known the School off and on for more than twenty years and have every confidence in its future."

Mr. and Mrs. Jones went on leave to England at the beginning of June. We wish them a happy and beneficial holiday.

IN MEMORIAM.

Arthur E. G. James.

BORN : JUNE 4TH, 1892 ; DIED : NOVEMBER 1922.

It is with deep regret that we announce the death of Arthur E. James (St. Paul's School, 1903-11). He was the youngest of three brothers, all of whom have done well both at school and afterwards.

After leaving St. Paul's, Arthur James entered Cambridge University where he took honours in the Mathematical Tripos, also winning his "Blue" for long jump and playing hockey for the University. On leaving Cambridge he was a Master in an English School, but left to enlist at the beginning of the Great War, serving in France as a Gunner till the Armistice, and afterwards with the Army of Occupation at Cologne. Here he developed pulmonary tuberculosis, the after-effects of gas-poisoning, and was discharged as unfit for further military service. After a long while in hospital he recovered sufficiently to take up work again, and he married early in 1922, full of hopes for the future. Unhappily, he had a relapse a few months afterwards, and died in the autumn of the same year.

Cyril Francis Jones.

BORN : AUGUST 12TH, 1896 ; DIED : JULY 12TH, 1925.

Cyril Jones entered St. Paul's School in March 1909 and left to take a post in the Tukvar Tea Company at the end of 1912. As his work was in the Darjeeling District, he was a frequent visitor at the School, for which he always showed a strong affection. At School he was always a rather quiet boy handicapped by a partial deafness which was a great affliction ; but his sterling character, invariable good-temper, and amiability of disposition gained him the affection of us all.

As a tea-planter he was highly spoken of and much liked and respected. Everything pointed to a successful career, when he died suddenly from cerebral hæmorrhage shortly after recovering from a rather serious illness. Great sympathy is felt for his mother who has lost her husband and another son in little more than a year.

CHAPEL NOTES.

The Services in the temporary Chapel continue to be very bright, and there is a marked contrast between the hearty congregational singing there and the feeble efforts made at S. Andrew's, where the boys and girls seem quite content to let the choir do everything. The choir has made progress this term, though the part-singing is not yet very confident. On Whit Sunday Purcell's anthem "Rejoice in the Lord always" was sung, and we are indebted to Mr. Langdon of the Governor's band for coming and playing the bells during the Introduction. Owing to the difficulty of the parts in singing accurately, we are unable to perform anthems frequently, but the hymns provide some excellent part-singing, and the new Communion Service by Hoyland gives a pleasant change at the 9-30 service.

The Services in Holy Week were evidently found helpful by the boys, and the beautiful Easter Services formed a grand climax to the Solemn Lenten Season. Butler and Gregory have shared the duties of Clerk, and they and the other servers have done their work very carefully and reverently. Mrs. Jones has been looking after the vestry, and Mrs. Cox is carrying on in her absence; owing to the acquiring of vestments, cassocks, surplices, etc., this work is becoming more and more onerous, and we are very grateful to these ladies for what they have done. The Staff very kindly presented a set of festal hangings for Easter, which have brightened up the Altar very much. A new set of frontals is needed, as the old ones are *very* old, faded and tarnished. The Sacristan was told to put on a green frontal, and he returned, saying "I cannot find the green frontal, there is an old *brown* one". That is the frontal which used to be green.

There is now a collection at the 7-30 Holy Communion on Sundays, and the collection at S. Andrew's is divided equally between the two Schools. The collections this term have been as follows:—

			Chapel 7-30 A.M.	S. Andrew's 9-30 A.M.

MUSIC IN THE SCHOOL.

One of the musical events of the year has been the setting of the School Song, written by Bishop Pakenham-Walsh, to a fine unison tune by Dr. Arthur Somerwell. Dr. Somerwell stands very high in the rank of British composers, and we are fortunate in getting so eminent a musician to write

a tune for our song. The Rector wrote to him asking him if he would do so, and Dr. Somerwell wrote back almost by return of post, sending the tune, and expressing his admiration of the words written by the Bishop. The tune itself, which we hope to be able to publish later on, is a visible composition which has rapidly become a favourite with the boys. At the recent Band Concert, the Band-Master, Mr. Hitch, arranged the School Song for the band, which gave a very inspiring rendering of it. We are much indebted to Mr. Hitch for sending us the band-parts for future use.

The Rector's new gramophone has been used on several occasions to help in training the boys in musical appreciation.

The singing class is preparing the music for the Singing Competition, and one of the classes is also taking the Class-Singing Examination of the Associated Board of R. G. M. and R. C. M.

Some dormitory concerts have been given by the junior dormitories, at which promising material was evident, which will, we hope, be of value for future School-Concerts.

CRICKET.

We have had a very successful season on the whole, perhaps because the majority of our team were new, and we had a difficult task to build up a side and did not have a reputation to live up to. We undoubtedly did better than we expected, chiefly, though, on account of Emmett's fine batting and of the accurate bowling of Love. Except for three or four, the fielding has been generally weak. The team as it now stands is a very promising one, but several boys will probably be leaving, and the "selectors" will again have an uphill task. We were disappointed that St. Joseph's College scratched this year for the Edinburgh Shield.

The Planters were much too strong for any other team competing for the Shield, but we had our usual enjoyable match with them with the usual result! We offer them our congratulations on winning the Shield.

Our thanks are due to Mrs. Humphries for having superintended the catering for the matches.

ST. PAUL'S vs. JALAPAHAR.

The first match for the Edinburgh Cricket Shield was played between the School and Jalapahar on April 22nd and 23rd resulting in a win for the former by 10 wickets. The weather was almost prohibitive, the ground being enveloped in thick mist almost the whole of the first morning, and preventing play on the second day until about noon.

For no wickets 38

ST. PAUL'S *vs.* THE PLANTERS.

This match took place on the School ground on May 1st and 2nd and resulted in a win for the Planters by 130 runs. The School won the toss and put the Planters in. Runs came freely from Terrell and Davenport, but with the score at 54 the latter put one up in the slips which was held. Emmett and Terrell continued to put on runs fairly fast and after this pair had got out, Marr and Landale each made a few. The remaining wickets fell for next to nothing. The School started none too well, two wickets falling for 19 runs. Emmett, however, saved his side from collapse by putting together an excellent 99, his driving being very powerful, and he was very unfortunate in not getting his century. The last few batsmen were very weak, no less than five not scoring at all. The Planters went in a second time and started very badly, Mr. Graham was run out through a misunderstanding and Davenport was bowled immediately afterwards. Terrell and Emmett once again came to the rescue and scored freely, Emmett making 84 though not without blemish. The School started their second venture needing over 250 to win and did very badly, Love and Siddons being the only batsmen to make anything, though Farrow played well for his 14. For the School Love proved the best bowler, taking 9 wickets for 15 runs apiece, while Emmett and Douglas shared the honours of the Planters, the former with 8 for 128, and the latter 8 for 127.

ST. PAUL'S vs. SOUTH WALES BORDERERS.

The match with the South Wales Borderers was played on St. Joseph's ground on May 13th and 14th resulting in a win for the School by 7 wickets. Winning the toss, the Borderers put us in, and we knocked up 271 by 2.30, Emmett batting almost faultlessly for 180 not out. He scored his runs, which included 36 fours and 1 six in a little under an hour and three-quarters, the innings being all the more praiseworthy since he obtained very little help

from the rest of the side, the other chief scorers being Nahapiet 23, and Butler 24. The Borderers went in and quickly lost their four best men for 29, Love being deady with the ball. The rain came at 3-45 and stopped the game for the day. A punctual start was made the next day and the Borderers were dismissed for 122, Lt. Sugden scoring 34. Following on they obtained 225, of which Pte. Aldis scored an invaluable 96, Lt. Sugden 29, and Pte. Jackson 20. Love took 9 wickets and Emmett 8 for the School in the two innings. Left with 77 to get to win, St. Paul's obtained these runs for the loss of three wickets, Mr. Russell scoring 43 and Love 16 and thus won the match by 7 wickets.

CRICKET CHARACTERS.

- *S. J. EMMETT. . . Captain for 1925. Has been the mainstay of the side this year, scoring over a third of the total runs registered by the side in all matches. It is becoming superfluous to praise his batting, but he has certainly improved his game, both in variety of strokes and in driving force. His driving is a delight to watch. A brilliant field and a good bowler.
- *J. C. BUTLER. . . A good bat, with several useful shots, but has not lived up to expectations. A fair field and bowler.
- †L. G. SIDDONS. . . Has improved considerably as a batsman. A useful bowler. Is hardworking and safe in the field.
- †B. L. LOVE. . . An excellent bowler, and has bowled well this season, taking 31 wickets for less than 13 runs apiece. Has not had a great deal of success in batting and his fielding could be improved.
- †F. S. RALLI. . . Has improved considerably with the bat and shows good promise. A fair bowler and a brilliant cover-point.
- M. A. NAHAPIET. . . Is a fair bat and fairly safe field. Has improved considerably since last year. Does not appear to suffer from nerves.
- R. W. FARROW. . . A moderate bat, who will improve greatly if he concentrates on his game. A fair field.
- T. J. BOCKER. . . Is a fair bat, but suffers too much from nerves. His bowling is fair and his fielding poor. Shows considerable promise and should do well when he gets older and stronger.
- A. H. GIBSON. . . A moderate wicket-keeper. Has a great deal to learn in batting.
- R. G. ROBOTOM. . . His batting is weak. Is keen in the field and should develop into a useful bowler.
- R. V. LOWNES. . . Tries hard, but is still weak in batting. A poor field.

* Old colours.

† New colours.

ATHLETIC SPORTS.

The Annual Athletic Sports, postponed from the 19th on account of inclement weather, were held on the 22nd May, when we had a glorious day. Nothing of any note took place in the way of records, but there was everywhere displayed a keenness that is even more necessary still. B. Love won

the Senior Challenge Cup with 16 points and R. Otto the Junior with 12 points. The Champion House was Havelock who scored 72 points, Clive and Hastings obtaining 42 and Lawrence 28.

Her Excellency Lady Kerr distributed the prizes at the end of the afternoon, during which the Band of the 1st Batt., The 22nd Cheshire Regiment, played a selection of music by permission of Major H. C. Randall.

PROGRAMME OF EVENTS.

COMMITTEE : J. S. Adams, Esq., H. I. Jones, Esq., W. J. Kydd, Esq., E. G. Heefke, Esq., A. Humphries, Esq., D. B. Huntingford, Esq., A. H. Gibson, A. K. Ghosh, S. J. Emmett, C. J. Butler.

JUDGES : S. W. Goode, Esq., I.C.S., H. A. S. Pullan, Esq., Reverend E. R. Wilkinson, Major W. O. Walker, I.M.S., Major H. C. Randall, Major J. Oswald Little, Captain E. G. Wales, M.C., E. V. Cowper Smith, Esq., J. T. T. Dillon, Esq., J. S. Adams, Esq., H. I. Jones, Esq., A. Humphries, Esq., A. J. A. Russell, Esq., J. G. Chapman, Esq.

STARTER : E. G. Heefke, Esq.

TIME-KEEPER : D. B. Huntingford, Esq.

REFEREE : The Reverend F. V. Dawkins.

HON. SECRETARY : W. J. Kydd, Esq.

SPORTS DAY.

The response to our appeal for Prizes was most generous. It was the first occasion on which a general appeal had been made, and the subscriptions sent soon covered the total cost of the Cups and Medals, and many parents and friends allowed their contributions to be ear-marked for the other expenses of the day, thus enabling us to cover all the expenses, for which in former years a charge varying from Rs. 3-4 to Rs. 7 for each boy was made in the Uls. This is a very welcome sign of the interest taken in the School, and also a practical method of helping those whose means are only just sufficient to enable them to keep their boys here.

The contributions and expenditure will be properly audited at the end of the financial year, but we publish below a statement of the way in which the contributions were used :—

	Rs.	A.	P.		Rs.	A.	P.
By Contributions for Prizes	655	0	0	To Cups and Medals	635	2	0
„ Contributions for expenses other than Prizes ..	545	0	0	„ Expenses of the Day (including Band, Printing, Gratuities to Police and Servants, Carriage of Chairs, Tea and Refreshments, Colours and Rosettes)	534	2	0
				„ Balance in hand	30	12	0
Total Rs. ..	1,200	0	0	Total Rs. ..	1,200	0	0

The Balance in hand Rs. 30—12—0 will be used for the inscribing of names on the various Cups, and any balance left will be put to the expenses of next year's sports.

In conclusion, we would offer our very sincere thanks to all who contributed, and to those who also sent prizes.

THE SIKKIM CUP.

A magnificent Silver Bowl has been presented to the School by H. H. The Maharajah of Sikkim, who is an Old Paulite. This trophy will be known as the Sikkim Cup, and will be held by the Cock-house for the year.

Our thanks are due to His Highness for this splendid gift, which will be keenly competed for and we are grateful for his continued interest in the School.

N. B. M. R. CADETS.

There is nothing of a particularly noteworthy nature to record except the King-Emperor's Birthday Parade on June 3rd, when the Platoon took part in the ceremonial to commemorate that anniversary. According to the remarks of the G. O. C. we did well. We are having our usual two weekly parades and are progressing very favourably; consider that we have lost so many of our bigger boys; the youngsters are, however, coming on well and putting their heart into their work. We have had three visits from our C. O. Major Little and two from the Adjutant, who on each occasion expressed themselves very pleased with the Platoon's progress in general. The following have been appointed N. C. O.'s:—

Sergeant: C. J. Butler.

Corporal: S. J. Emmett.

„ R. W. Farrow.

„ A. J. Gregory.

L.-Corp.: L. G. Siddons.

„ B. L. Love.

„ F. S. Ralli.

Sergt. Instr. Husselbee is still with us and is doing valuable work, especially with the "very young", and to see our latest squad of recruits is quite enough! There is no need to ask why Darjeeling is at peace with the world!

"CARMICHAEL'S OWN."

Once more the task of reorganizing the Troop stood before us at the beginning of the Term, but it was considerably facilitated by the help of the old Scouts. After the newly joined Scouts had been successfully trained for their Tenderfoot, we were able to get to work in earnest. A general rush was made to qualify for the various Badges and the Troops Patrons were kept busy, especially Mr. Humphries, who has acted as examiner for several of the Badges. Mrs. Humphries took the boys for their Cook's Badge, supplying all that was necessary for the test, while Mr. Huntingford has been training some of the senior Scouts for their Electrician's Badge. Troop-Leader Gregory, being successful with Patrol-Leader Cox in his Path-Finder's Badge, has become a King's Scout, the first King's Scout that our Troop has had for several years. The results have been very good on the whole up to the present, but we hope to see them better still.

We congratulate the Antelope Patrol (Rectory Scouts) upon winning the Relay Race in the Athletic Sports.

The Scouts who were not parading with the Cadets on the King-Emperor's Birthday, were very smartly turned out, Mr. Humphries being responsible for the uniforms.

An Investiture of Tenderfoots was held in St. Andrew's Church on Trinity Sunday. The Reverend Robson, Scout Master of the VI Calcutta Troop, who was staying with the Rector at the time, delivered an impressive address. We cannot help remarking the general rush and confusing activity of the Troop just before this occasion, showing the degree of interest that our boys are capable of taking in the movement. But it is advisable that more steadiness should be shown in our movements, for such occasional over-keenness often ends in a good deal of confusion and delay in ceremony.

A football match was arranged between our Troop and the Scouts of the Government High School, in which we were victorious by two goals to nil. Our team did well in spite of the superiority in weight and age of our rivals.

Lt. Humphries, who has for so long devoted his services to the physical improvement of the boys, has been appointed District Commissioner, and Mr. Huntingford has taken his place as Scout Master. The Troop-Leader and the Patrol-Leaders have done good work in the different departments, and Sergeant Husselbee has taught us Semaphore. A. J. G.

A CONCERT.

On June 27th we went to a Military Band Concert at the Rink. It was very interesting as the Band-Master first of all explained the use, and let us hear the voice of each instrument separately.

He told us that there were three kinds of instruments. First, those for Melody and Harmony, such as the Cornet, Flute, and Trumpet, secondly, Percussion instruments, such as the bass and side-drums, and thirdly, occasional instruments, as the tubular bells and cymbals. There were many instruments in the band, but I liked best of all the clear sweet note of the Cornet.

The Band-Master also told us that there were two kinds of music; music that was happy and gay was written in a major key, and the minor key was used for funeral marches and sad music. There were two pieces like this. Before the Band played them, the Band-Master explained to us what they were going to be about. One of them was about the feelings of a man buried alive. The other one was about a dying mother.

Towards the end of the programme, the boys of St. Paul's and St. Joseph's stood while the band played their School Songs.

Before "God Save the King" was played, the Band-Master told us, that the King went to a concert and heard "God Save the King" played by a Band in a new way, and the King said, "I should like all my Bands to play it like that." The first six bars are to be played fast and the rest slowly, so then the Band played "God Save the King" in the new way.

After the concert was finished we came back late in the evening.

A. D. BELL,
Aged 9, Std. IV.

A VISIT TO THE VICTORIA FALLS.

On Friday, July 24th, our class went to see the Victoria Falls. The best time to do this is during the monsoon when the Falls are full of water and they look very fine.

It is a long walk down and you have to risk a ducking if it is a wet day.

We started in rather heavy rain, but after a time it left off, and we were glad to make over our umbrellas and mackintoshes to the coolies who had come with us.

The Falls this year are a splendid sight. The water leaps down over 40 feet, and what a rush and a roar! We could hardly hear ourselves speak, and could feel the spray from where we stood on the bridge.

After a time we left the bridge and went down the hill-side to a place where we could paddle. Here the stream widens out, with great boulders and stones and shallow pools, and what with the water bubbling, roaring and splashing, it makes as exciting a place as one would like to have fun in.

We took off our shoes and stockings, shortened our shorts, plunged into the water, and then the fun began!

After we had enjoyed ourselves well, we got out, dried ourselves and had refreshments.

Then we started homewards—a rather dirty, untidy but very happy crowd.

J. F. PEARCE,
Std. IV.

HAPPINESS.

Amongst the fields, beneath the sky,
Where the strong winds go whistling by,
Where the brooklets singing gaily
Wish the flowers, "Good Morning" daily.

Lies in dazzling light and brightness,
The luminous queen and mistress
Of the universe—a magic sphere
Of happiness, true and sincere.

This magic ball we mortals search
In marsh and brier, in house and church,
In fields and flowers, in gardens green,
In souls of men, in love that's true and clean.

But cruel fate, when sometimes kind
Permits humanity to find
In its ceaseless patient strife
This noble key to happy life.

Mingles wisdom, truth and mercy
In bewildering, wild ecstasy
To lead men to the land of "Hope-Astray",
Where crime ensnares, and hate holds sway.

From these oblivious lands of scorn
Courage guides; while new hopes are born
To wing ambition on to fresh success,
To fresh victory and happiness.

Alas! 'tis vain! for storms upheave
The magic sphere, on victory's eve,
To realms above, where love and peace
Go hand in hand in perfect ease.

A. J. G.

CORRESPONDENCE.

*Chartered Bank Buildings,
Calcutta.*

27th January, 1925.

THE REV. F. V. DAWKINS, M.A.,
St. PAUL'S SCHOOL,
DARJEELING.

DEAR SIR,

Being an old St. Paul's School boy, I take the liberty to approach you, and would ask your views on the subject of holding an annual "Paulite" dinner or dance in Calcutta during the cold season.

To the best of my knowledge there is no such institution at present, and from enquiries, apparently there has never been any attempt made in this direction. There are at the moment several old St. Paul's boys in Calcutta, whom I feel confident would help to make this suggested annual gathering a success. My further object in addressing you is to ask for your kind patronage and valued suggestions, which I am sure you will kindly give.

Awaiting your esteemed communications,

I am, Dear Sir,

Yours truly,

————— (Sd.) M. St. JOHN-KELLY.

The Parsonage,

Asansol.

30th June, 1925.

MY DEAR DAWKINS,

I am enclosing a cheque for Rs. 15 for the Chapel you are hoping to build shortly at St. Paul's. I was a boy in the School in 1913. Perhaps you will remember me when I called last year. I was in Darjeeling District with Scouts.

Yours sincerely,

————— (Sd.) D. J. EARLE.

*C/o., Supdt. Rly. Police,
Saidpur.*

10th March, 1925.

DEAR SIR,

About 10 days ago I think I wrote and asked you if I could have copies of the School groups for 1881-1885. Also the Cricket groups when my brother-in-law W. S. Burt, was in them. But up to now I have received no reply. If I could get copies I should be very much obliged to you. If they were examined and the photographer's name known, he could produce copies if the numbers of the groups were supplied him. If any boy there was told an Old Boy wanted them very much indeed, I'm sure he would not mind taking a little trouble to let me have them. I have only a short time now as I leave for Home on April 6th, but if the order was given before I went, I could pay for them and they could be sent after me.

Hoping you will excuse me for troubling you again,

Yours faithfully,

(Sd.) (MRS.) S. BURT.

*Bhatinda,
N.W.Ry.*

DEAR SIR,

My mother is busy packing and has asked me to write and thank you for the transfer certificate received. I sail for England on the 8th April by the City of Hongkong. I am going to West Buckland School, N. Devon, after the Easter term. My Parents were very pleased with the progress I made at St. Paul's. I must thank you and the Staff for all you did for me.

With best wishes,
Yours sincerely,
(Sd.) MOLL ROSE.

*C/o. Mrs. Morton,
59, Dalblier Road, Ayr,
Ayrshire, Scotland.
15th December, 1924.*

DEAR Mr. DAWKINS,

I am sorry not to have written before, but had quite forgotten. I shall be leaving School in June 1925. This will be the Intermediate Examination, and is taken up at the III Higher. Most boys who go to sixth generally take up degrees, and I have been advised to leave after the third higher.

Please could you assist me if I need a recommendation, my step-father has refused to help me, and my mother is a foreigner, so I have to look for myself. I am thinking of taking up Banking, Chartered Accountancy and I find that you need recommendation for both these positions.

I should like to hear how the School is getting on, and if the Dalton system is a success.

We have a good Rugby Team, last year we were only beaten by the Glasgow High School.

As a whole I think I prefer India to Scotland. The sun is very rarely seen and clouds keep on rolling over from Irish Sea. Ayr is a small town and very dull.

It seems as though the new Government will heap on more taxes instead of lightening the tax-payers' burden. Food prices are as dear as ever and show very little tendency to decrease.

If I could get a good job in India I'd leave Scotland soon enough; as a matter of fact a person would have a much better chance in England. I find that a Scotchman's words have come true. He said that "the best Road in Scotland was the Road out of it".

Best regards.

Your grateful pupil,
(Sd.) ISADORE COIRAN-KEITH.

*Cement Works, Japla,
E. I. RY.,
B. & O.
4th June, 1925.*

DEAR Mr. JONES,

You will, without a doubt, be very surprised to hear from me after a period of nearly 3 years.

Perhaps you may recall my name to mind when I say that I was known as "Alexander Major" during the two years I attended St. Paul's, Darjeeling.

From the above address you will note where I am working, and have been for the last one and a half years ; at present, I am officiating for the Accountant who is away on furlough, but my proper designation is Assistant Accountant and Office Superintendent.

I still have a very vivid recollection of the happy school days, wherein one is exonerated from almost all worries and cares, further, never will I ever forget the one or two visits to the "Common Room" where I experienced a delightful warming up on a cold day once by Mr. Adams and once by Rev. Benson.

I should deem it a favour if you could put me in touch with Rev. Benson and the other Masters, Mr. Hefkie and Mr. Adams, as I should like to pen them a few lines. Is Mr. Humphries still there ? I shall thank you to please remember me to all of them not forgetting Mrs. Jones and Mrs. Terrell.

Concluding, Mr. Jones, I sincerely hope you will favour me with a reply even tho' it be but a few lines as I am anxious to once more get into touch with those who have played a great part in my success of after-life.

With kind regards and best wishes.

Yours very sincerely,
(Sd.) H. ALEXANDER.

*Government House,
Darjeeling.
5th June, 1925.*

MY DEAR HUMPHRIES,

I was not in a proper position to judge myself, but I hear on all hands that the Scouts acquitted themselves very creditably at the Parade on June 3rd, and I should like to congratulate them, the Scouters and yourself on their appearance and the way in which they marched past. It was gratifying to see that there was such a good turn-out although, I believe, many of the Carmichael troop were parading with the Cadets. There were over 80 Scouts on Parade.

Yours sincerely,
(Sd.) H. R. WILKINSON.

The following is a copy of a letter written from Felsted School to Mrs. Behrend and sent on to the Rector. Stanley Behrend was at St. Paul's 1924 when he left for England to join Felsted, where he gained his 1st-XI Colours for Hockey :—

DEAR MRS. BEHREND,

Felsted,
14th May, 1925.

I should have written before, and indeed intended to have done so, to say how exceedingly well your son has done since he has been here. He has gone up the School very quickly, and because he deserved to do so. He works most industriously and will, I have very little doubt, pass the Lower Certificate this term: the only fear is that, having come with the form this term (where usually a boy spends a whole year), he may not cover the subjects and periods in English, Bible and History, but I think he works so well, that he will do so. Yes, we were all much pleased at his success in hockey and in goal too, a difficult and important place. We have very great hopes of his cricket; compared with this and hockey his football is not so good, but quite promising. He is very popular in the house, and a most agreeable boy to deal with in every way. He works so well and is so thorough in everything he does, that I should think he ought to do very well in later life.

Please give my kind regards to Mr. Behrend when you write.

Yours sincerely,
(Sd.) F. D. WINDSOR.

DEAR REVEREND DAWKINS,

East House,
Cranleigh School, Surrey.
5th July, 1925.

This letter is from an Old Paulite who left School suddenly in 1921. I used to live in the Rectory in those days, when the boys were in charge of Mrs. Humphries. I should be glad if you would remember me to her if she is still at St. Paul's and to any others who may remember me in the School. I feel very much out of touch with the School, being so far away and I should be very pleased to receive any news you can send me or an occasional Chronicle.

With the best of luck to the School in everything,

I am,
Yours sincerely,
(Sd.) D. BEATY.

DEAR Mr. DAWKINS,

109, Parramatta Road,
Haberfield, Sydney.
4th July, 1925.

You will doubtless be surprised at hearing from me. We arrived in Sydney some months ago, and my son Geoffrey is now in Lindfield College, where he has made a very good impression and compares well with the average Australian boy. I wish to enter him for the Royal Australian Navy as a Midshipman Cadet and there are certain formalities to be observed before he can gain admittance. One of these is a certificate of good character from the School he was at before he joined the present one, and I should be very glad if you will be so very kind as to fill in the enclosed form and forward it as soon as possible.

Yours sincerely,
(Sd.) C. F. KEALMAN.

THE RECTOR,
DEAR SIR,

Dharwar Club, S.M.C., Bombay Presidency.
21st July, 1925.

In case you may not have noticed my son's name among those who passed the second part of the Law Tripos, Cambridge, I write to tell you that he got his degree, in which he obtained a second. He is sitting for the I.C.S. Examination at the end of this month. His college is Peterhouse. You will see from the School records that my son passed his Senior Cambridge from St. Paul's.

Yours sincerely,
(Sd.) F. A. INGLE.
